Ref: Indalbi Sur s.l., Channel Partner for Iberian Peninsula

Dear Sir/Madam,

This letter is to confirm that Indalbi Sur s.l. is Woodward channel partner for the Iberian Peninsula.

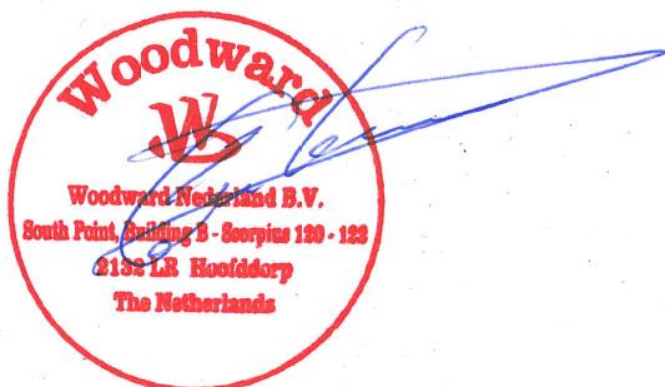

Indalbi Sur s.l. has been a long term partner of Woodward and is able to offer full support for Woodward products from the supply of spare parts and the repair of mechanical governors through to the up-grade and installation of complex turbine control systems. In that regard Indalbi holds the following accreditations from Woodward;

1. Distributor; Indalbi distributes all types of Woodward product including spare parts, replacement governors, actuators and electronic control units, including power management products.
2. Authorized Independent Service Facility (AISF); Indalbi is authorized to repair a wide range of mechanical governors and actuators, they can facilitate repair of more complex items and electronic controls through the appropriate Woodward manufacturing facility.
3. Recognized Turbine Retrofitter (RTR); Indalbi is authorized to engineer and supply control system up-grades and retrofits for gas and steam turbine controls.
4. Recognized Engine Retrofitter (RER); Indalbi is authorized to engineer and supply control system up-grades for reciprocating engines.

Indalbi Sur s.l. can be contacted through their web-site www.indalbi.com

Woodward is confident that the service and support capabilities of Indalbi Sur s.l. will be of benefit to users of Woodward equipment in the Iberian Peninsula.

Sincerely,

Erik van Loenen
Regional Business Manager
